

## NEW BENEFIT OFFERING

(Company Name) now offers access to the **OneTouch Reveal® Plus** app for you, your spouse/partner and adult children with Type 2 diabetes.

App available in English and Spanish.

# Simplify your daily diabetes care with OneTouch Reveal® Plus

Instead of struggling to gather and analyze all your data yourself...or ignoring your diabetes and hoping for the best, get the real-time feedback and coaching of **OneTouch Reveal® Plus**, which can help you:

1. Know what to do based on your **blood glucose reading**
2. Remember to take your **medications**
3. See how your **activity levels** affect health targets
4. Find **food choices** within your carb range
5. Share **progress** with your doctor
6. Ask **certified diabetes educators** for more help

**Away from your phone for hours at a time?**

No problem. Personalized help is there as soon as you're back online.

**ONETOUCH®**  
every touch is a step forward™

*Taking care of your diabetes can be easier!*

# Let's get started

1

Download OneTouch Reveal® Plus

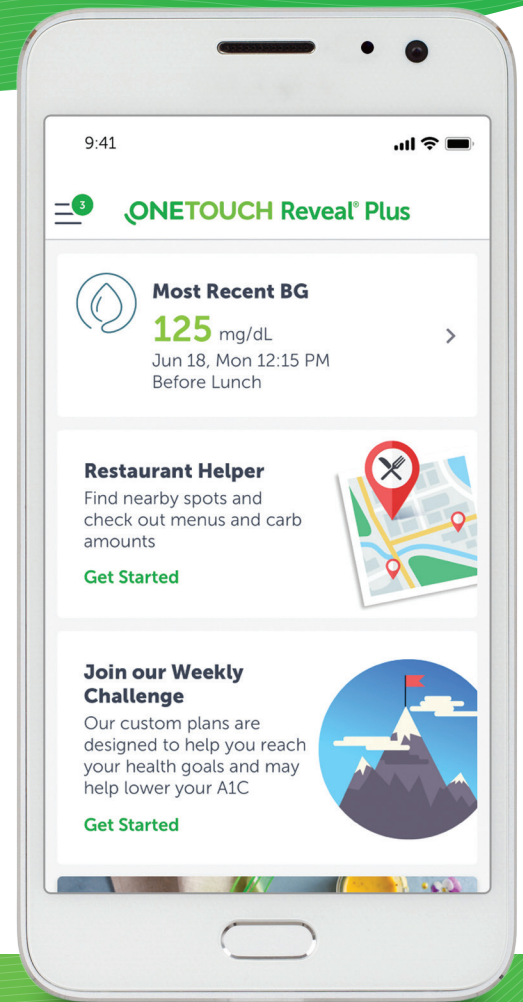

2

Enter access code

3

Follow the simple on-screen instructions to get started & add features in Settings

- **Connect your meter** so you can see how your blood glucose (BG) affects your diabetes.
  - If you don't already have a **OneTouch Verio Flex® meter**, you can get one FREE by calling 1-833-568-8685.
  - Or if you use **another meter**, you can enter your BG info manually.
- **Add medications** so coaching stays in line with your care plan.
- **Personalize other settings** to meet your needs.

## Got an extra five minutes?

Check out the nutrition section and see how easy it is to keep track of food and count carbs.

**The more you use OneTouch Reveal® Plus,  
the more tailored it becomes...  
simplifying your daily diabetes care.**

- Questions?**
- Go to Help and explore the app's User Guide.
  - Or contact Customer Care at 1-844-689-9880.

The OneTouch Reveal® Plus app, powered by BlueStar®, is indicated for use by adult patients aged 21 years and older with Type 2 diabetes and their healthcare providers. The app is not intended to replace the care provided by a licensed healthcare professional. The app should not be used by patients with Type 1 diabetes, gestational diabetes, or patients using an insulin pump.

BlueStar® is a Welldoc, Inc. patented system.
